

PARENT PAYMENT ARRANGEMENTS – 2025 – YEAR 2

Dear Parent/Guardian,

Sherbourne Primary is already looking forward to another great year of learning for our students in 2025. This message is to explain Sherbourne's voluntary 2025 financial contributions process.

All government schools, including Sherbourne, provide students with free instruction to fulfil the Standard Victorian Curriculum, and the contributions outlined here are entirely voluntary. In our quest to provide the best possible educational experience for students, the continued financial support of families like yours is a vital help.

All Sherbourne students are deeply grateful for the support we get from our community families. Whether that be through fundraising, volunteering, or financial contributions - these all have a substantial positive impact on our school and the programs and experience we provide.

The School Council has worked diligently over the years to keep parent contribution costs to a minimum. In 2025, there will no increase to this voluntary payment.

The Department of Education guidelines now prevent schools providing parents with a statement of fees. Instead, we provide a voluntary contribution schedule. This is outlined in the following pages, including a description of how your contributions will be used to benefit the Sherbourne students

For more information on the Department's Parent Payments Policy, please refer to the attached one-page overview.

Please ask if you have any queries about any aspect of the contributions and thank you in advanced for your support of the students and the Sherbourne Community.

Yours sincerely,

Brett Hayes
